

AMERICAN SOCIETY OF  
PEDIATRIC OTOLARYNGOLOGY

## American Society of Pediatric Otolaryngology 2022 Summer Meeting July 17-20, 2022 The Hythe, Vail Colorado

We are thrilled to welcome you back to Vail for the 2022 ASPO Summer Meeting for a wonderful program that features keynote speakers focusing on self-care and wellness, as well as career advancement. We have exciting and innovative miniseminars and a great scientific program. Join us in the morning for the conference and the afternoon for hiking, biking, rafting adventures, or shopping, dining, and relaxing in picturesque Vail Village.

### Featuring:

**Kari Granger**, The Granger Network

Kari Granger (Master Certified Coach, ICF) is an authentic leader and combat veteran with 20 years of experience delivering high-impact results and breakthrough organizational change. With her characteristic curiosity and directness, she is highly sought-after by executives for her ability to cut through the noise and dive into the heart of the matter.

Kari is a subject matter expert in executive leadership and organizational development, working in five continents and a variety of industries. One of her most enjoyable challenges is supporting organizations as they navigate the “sticky wickets” that accompany big change.

Kari’s passion for stakeholder-centric leadership, combined with a deep commitment and loyalty to her clients, are her cornerstones in coaching clients to anticipate emerging trends, navigate contingencies, surf complexity, resolve stakeholder tradeoffs, and position themselves for a changing economy and world.

As Founder and CEO of The Granger Network, Kari brings her unique brand of transformative leadership from the battleground to the boardroom. And as a mother with a strong voice in the world, Kari has a special interest in working with game-changing leaders seeking to balance an unwavering commitment to their families with their personal and professional ambitions.

**Herdley Paolini, PhD**

Herdley O. Paolini, PhD, LP, gained national attention by creating the first-of-its-kind holistic physician integrative wellness program designed to counteract physician burnout and foster physician resiliency, well-being, and leadership development to support the patient care mission of Florida Hospital in what is now the Florida-based AdventHealth system. After 12 years as Director of Physician Support Services there, she founded the Institute for Physician Integration to share the program she created with medical staffs and health systems across the nation.

Dr. Paolini is a licensed psychologist, teacher, and author of *Inside the Mind of a Physician*, published in 2009 by the Florida Hospital Press. She has authored numerous articles and academic papers and is lead author of *Healers in Need of Healing cannot Heal*, published by *Medscape*, a multi-specialty online journal serving physicians and other medical professionals.

She earned her doctorate from Western Michigan University. She has 30-plus years of experience influencing change through coaching, psychotherapy, CME curriculum, leadership development, and creative programming at both the individual and organizational levels.
