

Montreal, Canada

Wednesday, April 30 -Saturday, May 3, 2025

AMERICAN SOCIETY OF PEDIATRIC OTOLARYNGOLOGY

THURSDAY, MAY 1, 2025

THURSDAY,	MAY 1, 2025		
Start Time	End Time	Duration	Activity Type
ROOM 1			
6:30 AM	7:30 AM	1:00	Industry Sponsored Symposia - TBD
6:30 AM	7:30 AM	1:00	ASPO FUN RUN
8:00 AM	8:30 AM	0:30	Welcome / Housekeeping
8:30 AM	9:15 AM	0:45	Keynote Lecture #1 - TBD
9:15 AM	9:30 AM	0:15	Questions - Key note Lecture
9:30 AM	10:00 AM	0:30	#1 Abstract Session : Top Abstract Submission 4x6 + 6 minute Q&A
			Viral-Induced Cochlear Immunopathology in a Mouse Model of Congenital CMV Infection
			Finding the Optimal Optical Clearing Agents for Whole Tissue Fluorescence Microscopy of the Trachea
			The Effect of Parental Anxiety and Pain Catastrophizing about Child Pain on Post-Tonsillectomy Opioid Consumption in Children: A Prospective Multicenter Cohort Study
			Alpelisib attenuates lymphatic malformation endothelial cell proliferation through upregulation of Angiopoietin-2 and inhibition of VEGFR3 signaling
10:00 AM	10:20 AM	0:20	break with exhibitors
10:20 AM	11:00 AM	0:40	#2 Abstract Session (5 abstracts + 10 minutes Q&A) - Otology
			A Phase I/II Clinical Trial with SENS-501 in Children Suffering from Severe to Profound Hearing Loss Due
			Beyond the Gene Panel: Methods to Identify Missing Genetic Cause of Pediatric Sensorineural Hearing Loss
			Clinical development of AK-OTOF gene therapy for OTOF-mediated hearing loss A sensored appeals betting another programs using a personal value of the programs and a personal value of the personal va
			A sponsored genetic testing and counseling program using a comprehensive hearing loss gene panel reduces barrier to genetic testing and counseling program using a comprehensive hearing loss gene panel reduces barriers to genetic testing Results from the CHORD Phase 2/2 Trails / Open-Label Study Investigating the Safety and Efficacy of D8-DTO Gen
11:00 AM	12:00 PM	1:00	Panel #1 - Clinical Evaluation for Pediatric Hearing Loss in the Era of Gene Therapy: What Every Pediatric Otolaryngologist Needs to Know
12:00 PM	1:30 PM	1:30	lunch with exhibitors
1:30 PM	2:00 PM	0:30	Fireside Expert Discussion #1 : Du Passé vers le Futur: History of Paediatric Otolaryngology and ASPO in Montreal
2:00 AM	2:45 PM	12:45	Keynote Lecture #2 - TBD
2:45 PM	3:00 PM	0:15	Questions - Key note Lecture
3:00 PM	3:20 PM	0:20	break with exhibitors
3:20 PM	4:00 PM	0:40	#5 Abstract Session (5 abstracts + 10 minutes Q&A) - Otology
			Educational Services and Language Congruency in Low-Income Children who are Deaf of Hard-of-Hearing
			Outcomes in bone conduction device implantation with and without concurrent microtia reconstruction
			Effect of Sample Type on the Completion of Genetic Testing in Patients Presenting to an Otolaryngology Clinic with Congenital Non-Syndromic Sensorineural Hearing Loss
			Usage Patterns in Children Receiving an Active Osseointegrated Bone Conduction Implant.
			Why Not a Cochlear Implant? Parameters that Influence Decision to Decline Cochlear Implant in Eligible Pediatric Candidates.
4:00 PM	5:00 PM	1:00	Panel #4 - Debate and Discussion - A Sound Decision: Weighing Cochlear Implantation in Children with Unilateral Hearing Loss
5:00 PM	6:00 PM	1:00	Meet the Authors Poster Reception
ROOM 2 6:30 AM	7:30 AM	1:00	
6:30 AM	7:30 AM	1:00	Industry Sponsored Symposia - TBD ASPO FILIN BILL INI
6:30 AM	7:30 AM 10:00 AM	2:00	ASYO TUNKUN No concurrent session - see room 1
10:00 AM	10:00 AW	0:20	NO CONCURRENT SESSION - SECTION 1 break with exhibitors
10:20 AM	11:20 AM	1:00	Panel #2 - Cotton-Fitton Panel: Shaping the Future: Innovation and Al in Otolaryngology
11:20 AM	12:00 PM	0:40	#7 Abstract Session (5 abstracts + 10 minutes (8A) - Innovation and Basic Science
11.20 AW	12.00 PW	0.40	#/ Austract Session to austracts Artificial Intelligence to Rewrite the Script on Pediatric ENT Patient Education
			Autologous Airway Organoid Culture Model to Study Tracheal Epithelial-Chondrocyte Interactions and the Role of Fibroblast Growth Factors in Tracheal Development
			Macrophage polarization states in Extracranial arteriovenous malformations.
			AVM mural cells initiate endothelial to mesenchymal transition in the adjacent AVM endothelium.
			Initial Insights on Alpelisib for Pediatric Cervicofacial Lymphatic Malformations
12:00 PM	1:30 PM	1:30	lunch with exhibitors
1:30 PM	3:00 PM	1:30	No concurrent session - see room 1
3:00 PM	3:20 PM	0:20	break with exhibitors
3:20 PM	4:20 PM	1:00	Panel #5 - To bronch or not to bronch: Does routine surveillance endoscopy improve pediatric tracheostomy outcomes?
4:20 PM	5:00 PM	0:40	#6 Abstract Session (5 abstracts + 10 minutes Q&A) - Airway
			Voice outcomes in a large cohort of airway reconstruction patients
			Diagnostic accuracy of Laryngeal ultrasound in the evaluation of stridor at a tertiary care pediatric center
			Successful Seeding of Biologically Functional Endothelial Cells on Partially Decellularized Tracheal Graft
			Eyes up here! Objectively measuring attentional bias and social attention towards children with tracheostomies
F 00 Pt 4		4.00	Characterization of Pediatric Tracheomalacia through Morphometric Analysis of Dynamic Imaging throughout the Respiratory Cycle
5:00 PM ROOM 3	6:00 PM	1:00	Meet the Authors Poster Reception
6:30 AM	7:30 AM	1:00	Industry Sponsored Symposia
6:30 AM	7:30 AM	1:00	THOUSE SAMPLE SAMPLES AND
8:00 AM	10:00 AM	2:00	No concurrent session - see room 1
10:00 AM	10:20 AM	0:20	break with exhibitors
10:20 AM	11:00 AM	0:40	#4 Abstract Session (5 abstracts + 10 minutes Q&A) - Equity and Access
			The Positive Impact of Language-Concordant Care on Patient Experience: Results from the Spanish Pediatric Otolaryngology Language-Concordant Clinic
			An Intentionally Diverse Randomized Clinical Trial to Address Income Disparities in Language Outcomes for Deaf and Hard-of-Hearing Children
			Does Marginalization Impact Timely Access to Tympanostomy Tube Insertion in Pediatric Patients?
			Impact of Socioeconomic Factors on Long-Term Outcomes of Tracheostomy in Infants Admitted to a Neonatal Intensive Care Unit, a Single-Center Study
			Choosing surgery or sclerotherapy: Lymphatic malformation treatment decisions are impacted by social determinants of health
11:00 AM	12:00 PM	1:00	Panel #3 - Rosenfeld Panel: Are we speaking the same language? Evidence-Based Strategies for Effective Patient-Provider Communication
12:00 PM	1:30 PM	1:30	lunch with exhibitors
1:30 PM	3:00 PM	1:30	No concurrent session - see room 1
3:00 PM	3:20 PM	0:20	break with exhibitors
3:20 PM	4:00 PM	0:40	#3 Abstract Session (5 abstracts + 10 minutes Q&A) - Sleep
			"I took this video for yolid seleptor." Are parent-recorded edges useful in predicting the diagnost of obstructive See Japanea in Idea. When the selection of
			Hypoglossal Nerve Stimulator Placement for Obstructive Sleep Apnea in Children with Down Syndrome Younger Than 13 Years of Age Survised Polary and Agests of Care Datapoins parts in Published Chettavilles (Chettavilles Chettavilles Chettavi
			Surgical Delays and Access to Care Determinants in Pediatric Obstructive Sleep Apnea: The Quebec Bas Saint Laurent Experience. Quality Improvement Project to Improve Preoperative Albuterol Use for Children Undergoing Tonsillectomy, Phase I, Baseline Data Analysis
			Quality improvement Project to improve Preoperative Adduction Use for Children Undergoing Instanctionly, Prized i, a Sealine Data Analogo. Understanding Racial And Ethnic Disparities in Perioperative Pain Management Following Routine Ambulatory Surgery Center Pediatric Adenotonsillectomy.
4:00 PM	5:00 PM	1:00	Page 180 Pediatric Polysomography: Time to Rethink?
5:00 PM	6:00 PM	1:00	Meet the Authors Poster Reception

Wednesday, April 30 -Saturday, May 3, 2025

AMERICAN SOCIETY OF PEDIATRIC OTOLARYNGOLOGY

SATURDAY, M		Duration	Ashirin Tura
Start Time	End Time	Duration	Activity Type
ROOM 1 6:30 AM	7:30 AM	1:00	Industry Sponsored Symposia - TBD
8:00 AM	9:00 AM	1:00	inucstry sportsored symptosia - i ato #1 Quickshots (4x3 min + 7 min Q&A x 3)
8.00 AW	3.00 AVI	1.00	Associations Between Complex Chronic Conditions and Delayed Identification of Hearing Loss
			Bone anchored hearing device use in children with unilateral hearing loss
			Association between signed and spoken language outcomes in deaf and hard-of-hearing children
			ADHEAR in Infants with Down Syndrome and Minimal Hearing Loss
			QUESTION
			Surgical Outcomes of Acute Mastoiditis in Pediatric Patients: A Pediatric Health Information System Study Factors affecting the recovery of recurrent otitis media with effusion in children with cleft palate.
			rectors arrecting the recovery of recorders continued in conducting with their parate. Pediatric Configuration after Subtotal Petrosectomy
			Tinnitus in children: when is it more than just bothersome ringing?
			QUESTION
			Understanding the Experience of Bone-Anchored Hearing Aids for Children: A Qualitative Study
			Dupilumab is Efficacious in Children (Aged 1 to -12 Years) With Eosinophilic Esophagitis Regardless of Prior History of Comorbidities
			Dupilumab With And Without Concomitant Ppi At 16 And 52 Weeks In Children With Eosinophilic Esophagitis: Post-Hoc Analysis Of The Phase 3 Eoe Kids Study Evaluating the Effectiveness of a Simple HPV Vaccine Education Intervention in Pediatric Otolaryngology Clinic
			QUESTION
9:00 AM	10:00 AM	1:00	Panel #13 - Advances in Pediatric Eustachian Tube Dilation: FDA Approval and Global Perspectives from Leading Experts
10:00 AM	10:20 AM	0:20	break with exhibitors
10:20 AM	11:00 AM	0:40	#11 Abstracts Session (5x6 min + 10 min Q&A)
			Artificial Intelligence Classification of Pediatric Middle Ear Effusion Using Consumer-Grade Otoscopes
			A Novel Otoscope with Ultrasound Waveform Algorithm to evaluate Pediatric Middle Ear Effusion: Initial results and future application The role of epienetics in the pathogenesis of acquired cholestations—A Systematic Review
			Enhancing Outcomes: Cochlear Implantation and Hearing Rehabilitation in CHARGE Syndrome
			Randomized Clinical Trial of Post-Operative Outcomes Following Posterior versus Anterior Tympanostomy Tube Placement
11:00 AM	11:30 AM	0:30	Fireside Expert Discussion #5 - Medicine, Science, and Legislation: A Career-Long Mission to Reduce the Burden of Cytomegalovirus in Children
11:40 AM	12:00 PM	0:20	Closing
ROOM 2 6:30 AM	7:30 AM	1:00	Industry Sponsored Symposia
8:00 AM	9:00 AM	1:00	muusuv sajoneet ayriipusia #2 Quickshots (4x 8 min + 7 min Q&A x 3)
8.00 AW	3.00 AVI	1.00	We're All in This Together: The Advanced Practice Provider in Pediatric Otolaryngology
			Adenotonsillectomy Success for Treating Obstructive Sleep Apnea in Children with Prader-Willi Syndrome
			Early Access to Frenotomy Improves Clinical Outcomes in Infants Receiving Multidisciplinary Care
			Complications following tonsillectomy in children under 3 years of age: A systematic review and meta-analysis
			QUESTION
			Evaluation of Inpatient Tracheostomy-Related Adverse Events Following the Initiation of a Multidisciplinary Pediatric Tracheostomy Team Treating Pediatric Neck Atypical Mycobacteria: A Systematic Review
			Alexandrite Laser Hair Removal for Pediatric Microtial Patients Undergoing Autologous Rib Cartilage Auricular Reconstruction: A Retrospective Analysis
			Environmental Sustainability in Common Pediatric Otolaryngology Procedures: Insights from a Global Survey on Single-Use Drapes and Gowns
			QUESTION
			Antibiotic Stewardship in Pediatric Head and Neck Surgery
			Predictors and Diagnostic Approaches of Pediatric Foreign Body Aspiration
			Prevalence of a History of Dysphagia among Pediatric Patients with Avoidant/Restrictive Food Intake Disorder Impact of Insurance and Timing of Intervention on Outcomes in Pediatric Button Battery Ingestions
			Impact of installace and filling of intervention of outcomes are equate ductor battery ingestions OUFSTION
9:00 AM	10:00 AM	1:00	Panel#14 - APP Panel
10:00 AM	10:20 AM	0:20	break with exhibitors
10:20 AM	11:00 AM	0:40	#12 Abstract Session (5x6 min + 10 min Q&A)
			Pediatric Surgery Minor Procedure Rooms Generate Less Waste Compared to Similar Procedures in Operating Rooms
			The Association Between Poor Nutritional Status and Postoperative Complications in Pediatric Airway Reconstruction
			Pediatric Necrotizing Soft Tissue Infections of the Head and Neck: A Systematic Review The Use of Remote Patient Monitoring for Post Operative Cotlaringology
			Hie Ose of Reminder Earth-Uffe Antibiotic Exposure, Childhood Obesity, Obstructive Sleep-Disordered Breathing And Adenotonsillectomy Associations Between Early-Life Antibiotic Exposure, Childhood Obesity, Obstructive Sleep-Disordered Breathing And Adenotonsillectomy
11:00 AM	11:30 AM	0:30	Fireside Expert Discussion #6
11:40 AM	12:00 PM	0:20	Closing - room 1
ROOM 3 6:30 AM	7:30 AM	1:00	Indiate Consort
6:30 AM 8:00 AM	7:30 AM 10:00 AM	2:00	Industry Sponsored Symposia Panel #15 -Female Leadership in Pediatric Otolaryngology: Success, Challenges, and Lessons Learned
10:00 AM	10:20 AM	0:20	break with exhibitors
10:20 AM	11:30 AM	1:10	#3 Quickshots (5x3 min +8 min Q&A x 3)
			Objective Measurement of Lymphatic Malformation Size Reduction during Treatment: A Comparative Case Series of Patients Treated with Alpelisib, Sirolimus, and Surgical Excision
			Overgrowth in PIK3CA-induced Conditions with Orofacial Involvement
			Rethinking Drain Protocols in Pediatric Thyroidectomy
			Robot-Assisted Excision of Thyroglossal Duct Cyst, Systematic Review A Novel Surgical Technique for the Management of Recurrent Thyroglossal Duct Cysts Using Dakins Solution Packing
			A NOVEL SUGAL TECHNIQUE for the invariagement of Necturent Thyrogiossal Duct Cysts Osing Dakrits Solution Facking OHESTICIN
			A Dual-Team Surgical Approach to Enhance Outcomes in Pediatric Colonic Interposition Surgery.
			Comparative Success of Different Graft Types in Pediatric Laryngotracheal Reconstruction: A Systematic Review and Meta-analysis
			Case Series: Suture Lateralization for Neonatal Vocal Fold Movement Disorders
			The outcomes of team-based surgery in revision vagus nerve stimulator implantation in pediatric patients
			Ultrasound examination of gastric emptying in sedated pediatric patients undergoing airway evaluation
			QUESTION Providence and productors of facult form a program burden from unitational proof parabolic in children after continuous program and productors of facult facult form and providence of provi
			Prevalence and predictors of long-term symptom burden from unilateral vocal cord paralysis in children after cardiac surgery Airway Infantile Hemangioma Treatment Paradigm Change Across a Four State Region
			Variables associated with failure of type one laryngeal cleft repair. Acas control study.
			Perioperative management and outcomes of vallecular cyst excision in pediatric patients
			$Revisiting the role \overset{\frown}{o} Endoscopic Anterior Cricoid Split with Balloon Dilation as a definitive treatment for pediatric subglottic stenosis$
44 -0 :	40.000.		QUESTION
11:40 AM	12:00 PM	0:20	Closing - room 1
